Eligibility criteria

1. The call for summer internships is open to Bachelor or Master (or equivalent) students in **biology, medicine, mathematics** or **related disciplines** at an internationally recognized higher education institution.
2. Before starting the internship, you must have completed at least the 2nd Bachelor year. Your placement in the group of your choice will be adapted to your qualifications.
3. A HCEMM Core Research Group Leader must declare their willingness to host the applicant as an intern. Applications for the internship will automatically be forwarded by the HCEMM office to potential host for consideration.
4. Exact dates and length of the internship are decided together with the host if a match is found.

You will be expected to

- See yourself as part of a team and contribute to the project of your hosting research group
- Use the time to best advance your scientific and technical skills
